Part III DETAILED ACTION

Notice to Applicant(s)

1. This action is responsive to the following communications: amendment filed on **1/27/05**.
2. This application has been reconsidered. Claims 15-42 are pending.

Response to Amendment

3. The reply filed on 1/27/2005 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The claims filed on 1/27 2005 are directed to a different invention from the original claims. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

4. Newly submitted claims 15-42 directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claims 15-23 and 34-36 are geared towards the entire e-mail page not being printed when the text part contains unprintable codes as opposed the original claims where only the text part was not being printed. With respect to claims 24-33 and 37-42, these claims have been added to state that the character strings are not printed. This limitation is also distinct from the original claims .

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution

on the merits. Accordingly, claims 15-42 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
